

# *A chance to have your say*

## **How Cherwell develops in the next 20 years will be decided this month.**

Cherwell District Council is just finalising its strategy which will determine the distribution of housing growth, as well as other factors, up to 2026. Every resident has a right to make their views known and Cherwell are duty bound to consider them all. The consultation runs up to April 19<sup>th</sup>.

The entire Draft Core Strategy can be accessed at [www.cherwell.gov.uk/localdevelopmentframework](http://www.cherwell.gov.uk/localdevelopmentframework) and can be viewed at Bicester Library, Cherwell Link Point in Market Square and The Garth. There is also a brochure giving summary details, available at these locations, and I have a handful if anyone wants one. The Parish Council will be making a submission but if you want to contribute personally, you can do so in any of the following ways;
