

Friends of Island Pond Wood

We may have celebrated our 10th Anniversary last year but the Woodland Trust has decided that 2010 will be the year for National celebrations of the " Woods on your Doorstep" Millennium woodland creation project (WoyD).

We would like to be part of the National celebrations this year and so plan to hold a **summer event** in the woodland on **Saturday 14th August**. Besides food, there should be various activities around the woodland for both adults and children. Stuart Hodges from Butterfly Conservation has agreed to come along with his moth traps and bat detector for later in the evening. So put the date on your calendar.

If you would like to help in anyway to organize the event then come along to a meeting at -

The Bull on Tuesday 13th July at 8.00pm. Everyone is welcome.

Any queries, then please contact Maureen Roberts on islandpondwood.launton@tesco.net.
